

My Graduate Students

These graduate students that you see in the group photo below were in my classes, Global Political Economy and Research in International Studies (IS 597 70 and IS 598 70 respectively) at Central Connecticut State University (CCSU). Most of them have taken several classes with me, including International Diversity and Integration (IS 571 70); some of them have already begun developing their theses (see topics in parenthesis against their names); they are a dynamic and cohesive group in the midst of Blue Devils and they have a bright future ahead of them. **I WISH THEM ALL THE BEST!**
